

# Terms and Conditions of Use

Sift: Product Scanner & Analysis App | Operated by Sift App

Limited Last updated: 12 February 2026 | Effective date: 12 February 2026

## PREAMBLE

The Sift mobile application and all related services (the "App") are operated by Sift App Limited ("Publisher", "we", "us", or "our"), a company registered in the United Kingdom.

Contact: [info@sift-scanner.com](mailto:info@sift-scanner.com)

### PLEASE READ THESE TERMS AND CONDITIONS CAREFULLY.

These Terms and Conditions (the "Terms"), together with the Privacy Policy, govern your access to and use of the App. By downloading, accessing, or using the App, you confirm that you have read, understood, and irrevocably accept these Terms in their entirety.

**If you do not agree with any part of these Terms, you must immediately cease use of the App and delete it from your device.**

The Publisher reserves the right to modify these Terms at any time. We will make reasonable efforts to notify Users of material changes. Continued use of the App after publication of updated Terms constitutes acceptance of the revised Terms.

## 1. DEFINITIONS

For the purposes of these Terms:

- **App:** The Sift mobile application, including all features, interfaces, content, APIs, and backend services.
- **User:** Any individual who accesses or uses the App, whether on a free or paid basis.
- **Content:** All information, data, ratings, scores, results, text, images, recommendations, alternative product suggestions, or outputs displayed in or generated by the App.
- **User Content:** Any images, scans, product names, barcodes, or information uploaded or submitted by a User.
- **Rating / Score:** Any evaluation, score, label, verdict, classification, or comparative assessment displayed by the App.
- **Recommendations:** Any alternative product suggestions, comparisons, or "better alternative" outputs generated by the App.
- **Services:** Product scanning, image analysis, barcode lookup, search, rating, recommendation, trending data, and informational features provided by the App.
- **Premium Version:** Paid subscription features and add-on purchases offered through Apple In-App Purchases.
- **Store:** Apple App Store.

- **Scan Credits / Recommendation Credits:** Consumable units that grant access to specific App features.
- **AI / LLM:** Artificial intelligence and large language model systems, including third-party AI services, used by the App to generate Content.

## 2. ELIGIBILITY

You may use the App only if you are at least 13 years old, or 16 years old where required by applicable law (including under the UK Age Appropriate Design Code and EU Digital Services Act).

By using the App, you represent and warrant that you meet these age requirements. If we learn that a User does not meet eligibility requirements, we may terminate their account without notice.

## 3. PURPOSE AND SCOPE OF THE APP

Sift is a general product scanning and discovery application that allows Users to:

- Scan products using barcodes or by uploading images
- Search for products by name
- Receive algorithmically generated ratings, scores, and informational results about products across all categories, including but not limited to food, beverages, cosmetics, supplements, electronics, household goods, pet products, and consumer goods
- Discover trending products scanned by other Users
- Receive algorithmically generated alternative product recommendations

**Sift is NOT a consumer review platform, marketplace, certification body, regulatory authority, testing laboratory, or professional advisory service.**

The App does not host original consumer reviews, nor does it validate or verify individual user experiences. The App is designed to provide general, indicative, and informational insights only.

## 4. HOW SIFT WORKS

Sift operates by:

- Analysing barcodes, uploaded images, and product identifiers
- Processing product names through automated identification systems
- Aggregating and interpreting publicly available and third-party information, including online databases, public product listings, community-contributed or crowd-sourced information, retailer data, and information available on the internet at the time of analysis
- Generating comparative scores, recommendations, and alternative product suggestions using algorithmic processing, including through the use of artificial intelligence and large language model (AI/LLM) technologies

Sift does NOT:

- Independently verify, test, inspect, or certify any product

- Guarantee the accuracy, completeness, or currency of any source material
- Physically analyse, handle, or evaluate any product
- Provide results that have been reviewed or validated by a human

#### **4.1 Automated and AI-Generated Processing**

The App relies on automated systems, algorithms, pattern recognition technologies, and third-party artificial intelligence and large language model (AI/LLM) services to generate Content. All outputs are generated without human review and may reflect limitations inherent to automated and AI-based analysis, including but not limited to bias, misclassification, misidentification, misinterpretation, and hallucination (the generation of plausible but factually incorrect information).

The Publisher does not guarantee that automated or AI-generated outputs accurately reflect real-world product characteristics, composition, safety, quality, or user experiences. AI-generated Content may contain fabricated claims, incorrect ingredient information, false safety warnings, or inaccurate product descriptions that appear authoritative but are entirely incorrect.

**Users must never rely on AI-generated Content as a substitute for reading product labels, consulting manufacturers, or seeking professional advice.**

#### **4.2 Web Search and Third-Party Data**

The App may utilise real-time web search, third-party APIs, and external data sources to generate results. The Publisher has no control over the accuracy, availability, or reliability of these external sources and accepts no responsibility for errors or omissions originating from third-party data.

#### **4.3 Server-Side Processing**

Certain analyses may be processed on remote servers. The Publisher does not guarantee the availability, speed, or reliability of server-side processing. Network conditions, server load, and external service availability may affect results.

#### **4.4 Third-Party AI Services**

The App utilises third-party AI services to process and generate Content. By using the App, the User acknowledges and agrees that:

- Product names, barcodes, and related identifiers may be transmitted to third-party AI providers for analysis
- The Publisher does not control the internal workings, training data, or outputs of third-party AI systems
- Third-party AI services may change, degrade, or become unavailable without notice, which may affect App functionality and Content quality
- The Publisher is not liable for any errors, inaccuracies, fabrications, or omissions in outputs generated by third-party AI services
- Data transmitted to third-party AI services is subject to those providers' own privacy policies and data handling practices

## **5. NATURE OF RATINGS, SCORES, OPINIONS, AND CONTENT**

### **5.1 Opinion-Based and Interpretive Content**

All ratings, scores, labels, verdicts, warnings, classifications, summaries, recommendations, alternative product suggestions, and assessments displayed in the App are interpretive, comparative, and opinion-based outputs, generated algorithmically and through AI/LLM processing from third-party and publicly available information.

Such outputs do not constitute statements of fact, guarantees, certifications, endorsements, or authoritative determinations.

### **5.2 Recommendations and Alternative Products**

Alternative product suggestions and recommendations are generated algorithmically based on publicly available information. The Publisher does not endorse, warrant, or guarantee the quality, safety, availability, or suitability of any recommended product. Recommendations do not constitute professional advice of any kind.

Product availability, pricing, and formulations may vary by region and may change without notice. The Publisher is not responsible for the accuracy of availability or pricing information.

### **5.3 No Endorsement or Adoption of Third-Party Statements**

Content displayed in the App may summarise, paraphrase, or aggregate third-party opinions, public discussions, reviews, databases, or commentary. The Publisher does not adopt, endorse, verify, confirm, or assert the truth of any third-party statement, even where such statements are highlighted, weighted, or reflected in scores or recommendations.

### **5.4 No Duty to Investigate or Correct**

The Publisher has no obligation to independently investigate, verify, correct, or update any third-party information reflected in the App.

### **5.5 Temporal and Contextual Limitations**

Content reflects information available at the time of analysis only and may become outdated, inaccurate, or misleading over time. Product formulations, ingredients, packaging, and availability are subject to change by manufacturers without notice.

### **5.6 No Product Disparagement or Factual Claims**

Nothing in the App shall be interpreted as an assertion of wrongdoing, defect, illegality, negligence, or harm, nor as an intent to disparage or defame any manufacturer, brand, retailer, or product. Any negative descriptors, low scores, or cautionary labels reflect relative comparisons and reported experiences, not factual allegations or claims of liability.

### **5.7 Trending Data**

Trending data reflects aggregated scanning activity by Users and does not constitute an endorsement, ranking, or recommendation by the Publisher. Trending position does not indicate product quality,

safety, or popularity beyond scanning frequency.

### **5.8 No Obligation to Remove or Modify Content**

The Publisher is under no obligation to remove, alter, or suppress Content reflecting third-party opinions, comparative assessments, or algorithmic outputs, except where required by applicable law.

## **6. ESTIMATES, ERRORS, AND LIMITATIONS**

All results provided by the App are estimates only.

Users expressly acknowledge that:

- Images may be misinterpreted or misidentified
- Barcodes may be incorrect, reused, region-specific, or misleading
- Products may be misidentified, confused with similar products, or matched to incorrect data
- Online information may be inaccurate, manipulated, outdated, or incomplete
- Automated and AI-generated content may contain inaccuracies, fabricated information, hallucinations, or incorrect claims presented as fact
- Algorithmic and AI/LLM limitations, model errors, and technical failures may occur
- Scores and recommendations may vary between scans of the same product
- Results may differ based on data availability, network conditions, and processing time

Users acknowledge that lower confidence outputs, low scores, or cautionary labels do not imply product deficiency, defect, danger, or harm.

The App may contain errors, omissions, or inaccuracies, and the Publisher makes no representation that Content is complete, current, or error-free.

## **7. NO HEALTH, SAFETY, OR QUALITY GUARANTEES**

**Sift does NOT provide medical, nutritional, dermatological, veterinary, cosmetic, legal, financial, or any other form of professional advice.**

Sift does NOT:

- Guarantee product safety, quality, efficacy, suitability, or effectiveness
- Certify, approve, or endorse any product
- Provide allergy, intolerance, or dietary guidance
- Replace professional medical, veterinary, or health advice
- Provide accurate or reliable ingredient, allergen, or compositional

information The App must NOT be relied upon for:

- Medical, dietary, or nutritional decisions
- Allergy-related or intolerance-related decisions
- Infant, child, or pet health or feeding decisions
- Safety-critical decisions of any kind

- Purchasing decisions where health or safety is a factor
- Any decision requiring professional or expert judgment

**Users MUST always verify product information directly with manufacturers, packaging, or qualified professionals before making any health, safety, or purchasing decision.**

## **8. USER RESPONSIBILITY**

The User expressly agrees that:

- They use the App entirely at their own risk
- They remain solely responsible for any product purchase, use, or consumption decision
- They must independently verify all information provided by the App, including AI-generated Content
- The Publisher bears no responsibility whatsoever for decisions made based on App Content
- They will not use App Content as a substitute for professional advice
- They understand that Content is generated by AI systems and may be inaccurate, fabricated, or misleading

### **8.1 No Reliance**

**Users expressly acknowledge that they do not and should not rely on the App as a source of factual truth, professional advice, safety guidance, or authoritative evaluation.**

Any reliance on App Content is unreasonable and entirely at the User's sole risk.

### **8.2 Assumption of Risk**

By using the App, the User voluntarily assumes all risks associated with the use of algorithmically generated, AI-produced, automated, and unverified information, including the risk of inaccurate, incomplete, misleading, hallucinated, or fabricated outputs.

## **9. USER ACCOUNTS**

Certain features require account creation using a name and email address, or via third-party authentication providers (Apple Sign In, Google Sign In).

Users are responsible for maintaining the confidentiality of their credentials and for all activity conducted through their account. Users must notify the Publisher immediately of any unauthorised access.

The Publisher reserves the right to suspend or terminate accounts at its sole discretion, including for suspected abuse, fraud, or violation of these Terms.

### **9.1 Account Deletion**

Users may request deletion of their account and all associated personal data at any time by contacting [info@sift-scanner.com](mailto:info@sift-scanner.com) or by using the account deletion feature within the App. Upon receiving a valid deletion request, the Publisher will delete or anonymise the User's personal data within thirty (30) days,

except where retention is required by law or for legitimate business purposes as described in the Privacy Policy.

Account deletion is permanent and irreversible. Upon deletion, the User will lose access to all scan history, credits, subscription benefits, and other data associated with their account. Active subscriptions must be cancelled through Apple ID settings prior to account deletion; account deletion alone does not cancel an active Apple subscription.

## **10. USER CONTENT**

### **10.1 Responsibility**

Users uploading User Content confirm that they own the content or have permission to upload it, that the content is lawful, and that the content does not infringe any third-party rights (including intellectual property, privacy, or publicity rights).

### **10.2 Licence**

By uploading User Content, the User grants the Publisher a non-exclusive, worldwide, royalty-free, perpetual, irrevocable licence to use, process, store, analyse, aggregate, and derive insights from such content solely for the purposes of operating, improving, and developing the App and its features.

### **10.3 No Obligation to Store**

The Publisher is under no obligation to store, maintain, or return User Content. Users should maintain their own copies of any content they upload.

## **11. SUBSCRIPTIONS, PAYMENTS, AND REFUNDS**

### **11.1 Apple In-App Purchases**

All payments are processed exclusively by Apple through the App Store. The Publisher does not collect, process, or store any payment information. Apple's terms and conditions govern all transactions.

### **11.2 Subscription Plans**

Subscription plans provide access to scanning credits, recommendation credits, and other premium features as described at the time of purchase. The Publisher reserves the right to modify plan features, pricing, and credit allocations at any time. Changes to existing subscriptions take effect at the next renewal period.

### **11.3 Scan Packs and Credit Packs**

Consumable scan packs and recommendation credit packs are one-time purchases that are added to the User's balance. Credits do not expire but are non-transferable and non-refundable.

### **11.4 Auto-Renewal**

Subscriptions automatically renew unless cancelled at least 24 hours before the end of the current billing period. The User's account will be charged for renewal within 24 hours prior to the end of the current period at the rate of the selected plan.

## **11.5 Cancellation**

Users may cancel subscriptions at any time through their Apple ID settings. Cancellation takes effect at the end of the current billing period. No partial refunds are issued for unused portions of a billing period.

## **11.6 No Refunds by the Publisher**

The Publisher does not issue refunds. Any refund requests must be submitted directly to Apple. Subscription fees and credit purchases are non-refundable, except where mandatory applicable law requires otherwise.

## **11.7 Free Trials**

If offered, free trials convert to paid subscriptions at the end of the trial period unless cancelled. Users are responsible for cancelling before the trial ends if they do not wish to be charged.

## **12. ACCEPTABLE USE**

Users agree not to:

- Use the App unlawfully, fraudulently, or for any purpose that violates applicable law
- Upload misleading, harmful, defamatory, obscene, or illegal content
- Reverse-engineer, decompile, disassemble, or attempt to derive the source code of the App
- Scrape, crawl, or systematically extract data from the App
- Overload, disrupt, or interfere with App systems, servers, or networks
- Circumvent security measures, authentication, or access controls
- Use the App to harm, harass, or infringe upon the rights of others
- Create multiple accounts to abuse free tiers or credit allocations
- Use automated tools, bots, or scripts to interact with the App
- Resell, redistribute, or commercially exploit App Content or features
- Attempt to manipulate, reverse-engineer, or extract data from the AI systems used by the App

Violations may result in immediate suspension or permanent termination of access without refund or compensation.

## **13. SUSPENSION AND TERMINATION**

The Publisher may suspend, restrict, or terminate User access at any time and for any reason, including but not limited to:

- Breach of these Terms
- Legal or regulatory requirements
- Protection of the App, its Users, or third parties
- Suspected fraud, abuse, or malicious activity
- Extended periods of inactivity

Such actions do not entitle the User to any refund, compensation, or claim. The Publisher may delete User data upon termination, subject to applicable data retention laws.

## **14. INTELLECTUAL PROPERTY**

All intellectual property rights relating to the App (excluding User Content), including but not limited to software, source code, algorithms, proprietary models, databases, trademarks, trade names, logos, designs, and documentation, are and shall remain the exclusive property of the Publisher.

Users are granted a personal, non-exclusive, revocable, non-transferable, non-sublicensable licence to use the App for personal, non-commercial purposes only, subject to these Terms.

No right, title, or interest in any intellectual property is transferred to the User. Unauthorised use of the Publisher's intellectual property may result in legal action.

## **15. DATA PROTECTION AND PRIVACY**

The Publisher processes personal data in accordance with its Privacy Policy and applicable data protection laws, including the UK General Data Protection Regulation (UK GDPR), the Data Protection Act 2018, and the EU General Data Protection Regulation (EU GDPR) where applicable.

By using the App, Users consent to the collection, processing, and storage of data as described in the Privacy Policy. Users have the right to access, rectify, erase, restrict, and port their personal data, and to object to processing, as set out in the Privacy Policy.

### **15.1 Data Breach Notification**

In the event of a personal data breach that is likely to result in a high risk to the rights and freedoms of Users, the Publisher will notify affected Users without undue delay, using the contact information associated with their account or through in-App notification. The Publisher will also notify the relevant supervisory authority (the UK Information Commissioner's Office) within 72 hours of becoming aware of a qualifying breach, as required by applicable data protection law.

Notification will include, to the extent known: the nature of the breach, the categories and approximate number of Users affected, the likely consequences, and the measures taken or proposed to address the breach.

## **16. DISCLAIMER OF WARRANTIES**

**To the fullest extent permitted by applicable law, the App is provided "AS IS" and "AS AVAILABLE" without warranty of any kind.**

All warranties, whether express, implied, statutory, or otherwise, including but not limited to warranties of accuracy, completeness, reliability, merchantability, fitness for a particular purpose, non-infringement, and uninterrupted availability, are expressly disclaimed.

The Publisher does not warrant that:

- The App will be uninterrupted, timely, secure, or error-free
- Results will be accurate, complete, reliable, or current

- Defects will be corrected
- The App is free of viruses or harmful components
- The App will meet the User's requirements or expectations
- AI-generated Content will be factually accurate or free from hallucinations

## **17. LIMITATION OF LIABILITY**

**To the maximum extent permitted by applicable law, the Publisher, its directors, officers, employees, agents, affiliates, and licensors shall not be liable for:**

- Any indirect, incidental, special, consequential, exemplary, or punitive damages
- Loss of data, profits, revenue, business, opportunities, or goodwill
- Reliance on ratings, scores, recommendations, AI-generated Content, or any App Content
- Errors, inaccuracies, omissions, hallucinations, or algorithmically generated inaccuracies
- Product dissatisfaction, adverse reactions, or harm arising from product use
- Decisions made based on App Content, including AI-generated analysis
- Allergic reactions, health issues, or injuries resulting from reliance on App Content
- Service interruptions, downtime, or technical failures
- Actions or omissions of third-party service providers, including AI providers
- Unauthorised access to User accounts or data

**In no event shall the Publisher's total aggregate liability exceed the amount actually paid by the User to the Publisher in the twelve (12) months preceding the claim, or fifty pounds sterling (£50), whichever is less.**

The User's sole and exclusive remedy for dissatisfaction with the App is to cease using it.

Nothing in these Terms excludes or limits liability for death or personal injury caused by negligence, fraud or fraudulent misrepresentation, or any other liability that cannot be excluded or limited under applicable law.

## **18. INDEMNIFICATION**

The User agrees to indemnify, defend, and hold harmless the Publisher and its directors, officers, employees, agents, affiliates, and licensors from and against any and all claims, demands, actions, damages, losses, costs, liabilities, and expenses (including reasonable legal fees) arising out of or relating to:

- The User's use of the App
- User Content uploaded or submitted by the User
- Breach of these Terms by the User
- Violation of any applicable law or third-party rights by the User
- Any product purchase or use decision made by the User
- Any claim arising from the User's reliance on AI-generated Content

## **19. THIRD-PARTY SERVICES AND LINKS**

The App may interact with or display information from third-party services, APIs, websites, or platforms. The Publisher is not responsible for the content, accuracy, availability, policies, or practices of any third-party service.

Any links to third-party websites, retailers, or product listings are provided for convenience only and do not constitute endorsement. Users access third-party services at their own risk and subject to those services' own terms and conditions.

## **20. FORCE MAJEURE**

The Publisher shall not be liable for any failure or delay in performing its obligations where such failure or delay results from circumstances beyond its reasonable control, including but not limited to natural disasters, pandemics, war, terrorism, riots, government actions, power failures, internet or telecommunications failures, cyberattacks, third-party AI service outages, or third-party service outages.

## **21. GOVERNING LAW AND JURISDICTION**

These Terms are governed by and construed in accordance with the laws of England and Wales.

Any dispute arising out of or in connection with these Terms shall be subject to the exclusive jurisdiction of the courts of England and Wales, without prejudice to mandatory consumer protection laws applicable in the User's country of residence.

Nothing in these Terms affects the User's statutory rights as a consumer under applicable law.

## **22. DISPUTE RESOLUTION**

Before initiating any formal proceedings, Users are encouraged to contact the Publisher at [info@sift-scanner.com](mailto:info@sift-scanner.com) to resolve disputes informally. The Publisher will make reasonable efforts to resolve complaints within 30 days.

Where informal resolution is not possible, any dispute shall be resolved through binding arbitration conducted in England and Wales, in English, except where prohibited by applicable law. In jurisdictions where arbitration clauses are not enforceable against consumers, this clause shall not apply.

### **22.1 Class Action and Group Litigation Waiver**

To the maximum extent permitted by applicable law, the User agrees that any dispute resolution proceedings will be conducted only on an individual basis and not in a class, consolidated, or representative action. The User waives any right to participate in a class action lawsuit, class-wide arbitration, or any other representative proceeding against the Publisher.

If this class action waiver is found to be unenforceable in any jurisdiction, then the entirety of this arbitration clause (Section 22) shall be null and void in that jurisdiction, and any dispute shall proceed in the courts specified in Section 21.

## **23. LIMITATION PERIOD**

Any claim arising out of or relating to the App or these Terms must be brought within six (6) months of the event giving rise to the claim, or such claim shall be permanently barred, to the maximum extent permitted by applicable law.

## **24. MODIFICATIONS TO TERMS**

The Publisher may modify these Terms at any time by publishing the updated version within the App or on its website. Material changes will be communicated through reasonable means. Continued use of the App after publication of updated Terms constitutes acceptance of the revised Terms. If the User does not agree with the updated Terms, they must stop using the App.

## **25. MODIFICATIONS TO THE APP**

The Publisher reserves the right to modify, update, suspend, or discontinue the App or any of its features at any time, with or without notice, and without liability to any User. This includes changes to functionality, features, credit allocations, pricing, and availability.

## **26. SERVICE AVAILABILITY**

The Publisher does not guarantee any minimum level of availability, uptime, or performance of the App or its Services. The App may be temporarily or permanently unavailable due to maintenance, updates, technical issues, third-party service failures, or any other reason.

The Publisher shall not be liable for any loss, damage, or inconvenience caused by the unavailability of the App or any of its features, including but not limited to loss of access to scan history, credits, or subscription features during periods of downtime.

Paid subscribers acknowledge that subscription fees cover access to premium features when available, and that temporary unavailability does not entitle the User to a refund, credit, or compensation. Prolonged outages exceeding thirty (30) consecutive days may, at the Publisher's sole discretion, result in a pro-rata credit applied to the User's next billing period.

## **27. SEVERABILITY**

If any provision of these Terms is found to be invalid, illegal, or unenforceable by a court of competent jurisdiction, that provision shall be modified to the minimum extent necessary to make it enforceable, or if modification is not possible, it shall be severed. The remaining provisions shall continue in full force and effect.

## **28. ENTIRE AGREEMENT**

These Terms, together with the Privacy Policy, constitute the entire agreement between the User and the Publisher regarding the use of the App. These Terms supersede all prior or contemporaneous communications, proposals, and agreements, whether oral or written.

## **29. WAIVER**

The failure of the Publisher to exercise or enforce any right or provision of these Terms shall not constitute a waiver of such right or provision. Any waiver must be in writing and signed by the Publisher.

### **30. ASSIGNMENT**

The Publisher may assign or transfer its rights and obligations under these Terms without restriction. The User may not assign or transfer their rights or obligations without the Publisher's prior written consent.

### **31. SURVIVAL**

Sections relating to intellectual property, disclaimers, limitation of liability, indemnification, governing law, dispute resolution, and any provisions that by their nature should survive, shall survive termination or expiry of these Terms.

### **32. GOVERNING LANGUAGE**

These Terms are drafted in the English language. If these Terms are translated into any other language, the English language version shall prevail to the extent of any inconsistency or conflict. All notices, correspondence, and dispute proceedings under these Terms shall be conducted in English.

### **33. REQUESTS FOR REVIEW OR CORRECTION**

Manufacturers, brands, or rights holders may submit written requests to review or correct factual identification errors by contacting [info@sift-scanner.com](mailto:info@sift-scanner.com). The Publisher reserves sole discretion over whether and how to modify Content and does not guarantee correction or removal.

### **34. CONTACT**

For any questions, concerns, or requests regarding these Terms:

Email: [info@sift-scanner.com](mailto:info@sift-scanner.com)

Company Name: Sift App Limited

Country: United Kingdom

### **35. APPLE APP STORE ADDITIONAL TERMS**

The following additional terms apply to Users who download or use the App from the Apple App Store. These terms are required by Apple Inc. ("Apple") and supplement the terms above.

#### **35.1 Acknowledgement**

You and the Publisher acknowledge that these Terms are concluded between You and Sift App Limited only, and not with Apple. Sift App Limited, not Apple, is solely responsible for the App and the content thereof. These Terms may not provide for usage rules for the App that are in conflict with the Apple Media Services Terms and Conditions as of the date of acceptance.

#### **35.2 Scope of Licence**

The licence granted to You for the App is limited to a non-transferable licence to use the App on any Apple-branded products that You own or control, and as permitted by the Usage Rules set forth in the Apple Media Services Terms and Conditions, except that the App may be accessed and used by other accounts associated with the purchaser via Family Sharing or volume purchasing.

### **35.3 Maintenance and Support**

Sift App Limited is solely responsible for providing any maintenance and support services with respect to the App, as specified in these Terms or as required under applicable law. You acknowledge that Apple has no obligation whatsoever to furnish any maintenance and support services with respect to the App.

### **35.4 Warranty**

Sift App Limited is solely responsible for any product warranties, whether express or implied by law, to the extent not effectively disclaimed. In the event of any failure of the App to conform to any applicable warranty, You may notify Apple, and Apple will refund the purchase price for the App to You. To the maximum extent permitted by applicable law, Apple will have no other warranty obligation whatsoever with respect to the App, and any other claims, losses, liabilities, damages, costs or expenses attributable to any failure to conform to any warranty will be Sift App Limited's sole responsibility.

### **35.5 Product Claims**

You and Sift App Limited acknowledge that Sift App Limited, not Apple, is responsible for addressing any claims of the User or any third party relating to the App or the User's possession and/or use of that App, including, but not limited to: (i) product liability claims; (ii) any claim that the App fails to conform to any applicable legal or regulatory requirement; and (iii) claims arising under consumer protection, privacy, or similar legislation.

### **35.6 Intellectual Property Claims**

You and Sift App Limited acknowledge that, in the event of any third-party claim that the App or Your possession and use of the App infringes that third party's intellectual property rights, Sift App Limited, not Apple, will be solely responsible for the investigation, defence, settlement, and discharge of any such intellectual property infringement claim.

### **35.7 Legal Compliance**

You represent and warrant that: (i) You are not located in a country that is subject to a U.S. Government embargo, or that has been designated by the U.S. Government as a "terrorist supporting" country; and (ii) You are not listed on any U.S. Government list of prohibited or restricted parties.

### **35.8 Developer Contact Information**

For any questions, complaints, or claims with respect to the App, please

contact: **Sift App Limited**

Email: [info@sift-scanner.com](mailto:info@sift-scanner.com)

Phone: +447983970487

Address: 11 Holloway Drive, GU254SY, Surrey, United Kingdom

Website: <https://sift-scanner.com>

### **35.9 Third-Party Terms of Agreement**

You must comply with applicable third-party terms of agreement when using the App, including but not limited to the Apple Media Services Terms and Conditions and any applicable wireless data service agreement.

### **35.10 Third-Party Beneficiary**

You and Sift App Limited acknowledge and agree that Apple, and Apple's subsidiaries, are third-party beneficiaries of these Terms, and that, upon Your acceptance of the terms and conditions of these Terms, Apple will have the right (and will be deemed to have accepted the right) to enforce these Terms against You as a third-party beneficiary thereof.
